- 2" round high-tensile strength steel tubing
- Stands 52" high with vertical "Z" Braces
- Designed for feedlots, large herd containment, and heavy confinement
- continuous-welded saddle joints
- Features our durable, corrosion-resistant powder coat finish
- Complete with (2) 3/4" x 12" hinge pins and heavy-duty welded chain

Note: All gates are 3" shorter than listed length to allow for gate hardware and proper clearance. 18' & 20' gates have 3 hinges and 3 hinge pins.

We keep the above gates in stock year-round. Please allow 3-4 weeks on Tarter special orders. Visit tarterusa.com to view more gates and equipment offered.
